50 WORD DESCRIPTION OF THE ACTION POINT

This task concerns identifying employees in the department who would like to join the Accreditation Advisory Board

The purpose of this action point is to identify who would like to participate in the advisory board and also to create an overview of their relevant experience. Not all employees can be involved in all of the accreditation task forces. The Professor Council is the advising council for the accreditation exercise and is involved in qualifying inputs to the accreditation exercise.

EXPECTED OUTPUT

The expected output is an overview of employees who would be interested in joining the board and their experience with accreditation, where relevant. In addition, the overview would indicate which aspects of the accreditation process employees would see themselves most active in.

It is important that the report also includes relevant networks and contacts that may be utilized in the process.

EXPECTED OUTCOME(S)

This action point is an important step in the accreditation process and a starting point for ensuring a broader inclusion of employees beyond the Professor Council.

BACKGROUND OF THE ACTION POINT AND ITS CONTEXT

This action point has important relations to the accreditation process.
